Discussion Gailene Gabel, Primary A.U. 1641 concerning the recitation "as small as 9 picograms per milliliter of blood" as being vague and indefinite and also as being new matter. Discussed maintaining Zoghbi et al reference as 102 based on the teachings of Table 1 and Example 7 of Zoghbi. Also, discussed "wherein" clause as not providing any postive steps and thus not given patentable weight.	01/26/09	gc
